## EXPERIENCE

- FIBRE OPTIC FUSION** • **Fibre Technician/Site Foreman**  
Centurion, GP  
**2017 - Present**  
I have over 3 years of industry related experience. I've helped on projects from the Execution Phase to Closing Phase. Daily management of a team of workers. Communication with project managers and site foreman alike. Applying risk and management techniques to ensure all work is completed safely, on time, to scope and within budget. As well as effectively managing resources to optimize productivity and organizational growth.
- ALU PROJECTS** • **Factory Supervisor/Site Foreman**  
Lyttelton, GP  
**2014 - 2016**  
Managing the preparation and assembly processes of aluminium windows, doors form factory and installation on site. Managed quality control and installation execution with precision. Other key responsibilities: Management of logistics of resource and maintaining companies fleet vehicles.
- MICA** • **Floor Manager 2008 - 2014**  
**CENTURION**  
Doringkloof, GP  
Managing staff and general operations on a day to day basis. Promotions, orders, cash-up, customers queries, complaints and boosting moral. As well as opening and closing of business on a regular basis.
